This presentation and discussion is for Educational Purposes only

Should you desire advice on your specific situation, please seek the counsel of an advisor of your own choosing

The Challenge

• This is an evolving area
• There is no “Play Book” – only emerging, ad hoc approaches
• It takes time, resources, money, and management attention
• The numbers are daunting
Goal

• Begin to Develop a Subcontractor / 4th Party Program That Is
  ➢ Effective
  ➢ Implementable
  ➢ Thoughtful, Respectful, & Sensitive
  ➢ Appropriate to Your Size & Risk
  ➢ Affordable
  ➢ Doesn’t “Boil the Ocean”

Key Tools for Meeting the Challenge

1. Your Contract with Your Business Associate
2. Your Business Associate / Third Party Risk Management Program

This Presentation

• Interactive
• Sharing Insights & Experiences
• Questions at Anytime
• A Few Exercises
• Discussion
• Some Handout Tools
Themes

• Having Something is Better Than Having Nothing
• Get Started Now
• Make Progress Everyday
• Document, Document, Document
• It’s a Team Effort
  ➢ BA / Third Party Risk Management
  ➢ Security – Info, Physical
  ➢ Privacy
  ➢ Legal Contracts
  ➢ ...

Definitions

• Business Associate
  
  • (A) "person (with respect to a covered entity) who: ... other than in the capacity of a member of the workforce of such covered entity ... creates, receives, maintains, or transmits protected health information ... " or ...

  • (p)rovides, other than in the capacity of a member of the workforce of (a) covered entity, legal, actuarial, accounting, consulting, data aggregation ... management, administrative, accreditation, or financial services to or for such covered entity, ... where the provision of the service involves the disclosure of protected health information"

• Subcontractor
  
  • A person or entity that "creates, receives, maintains, or transmits protected health information on behalf of (a) business associate."

  • A Subcontractor is also a Business Associate & subject to all the requirements of a Business Associate

• 3rd Party = Your Business Associate

• 4th Party = Your Business Associate’s Subcontractor
Definitions

Multiple Choice Question - If Your Subcontractor / 4th Party Breaches Your PHI or ePHI, Who's Got the Problem?
a) You
b) Your BA / 3rd party
c) Your Subcontractor / 4th party
d) All of the above

Discussion Question - What's the Nature / Implication / Consequences of the Problem?

Why I Should Care What A 4th Party Does with My PHI & ePHI
• I Am Ultimately Responsible for My PHI & ePHI
• Breach Notification
• Confidentiality, Availability, & Integrity of Data
• My Reputation
• Costs to Me - $, Time, Regulators, ...
• Others?
BA & Subcontractor Requirements

- Business Associates (“BAs”) and Subcontractors are required to comply with appropriate HIPAA / HITECH Rules
  - Security
  - Privacy
  - Breach
  - Have a Business Associate Agreement ("BAA") – OCR Template - https://www.hhs.gov/hipaa/for-professionals/compliance-enforcement/audit/batemplate/index.html
  - Perform Risk Analysis
- Certain State Laws, Rules, & Regulations also apply

BA & Subcontractor Requirements

- Your requirements in regard to your BAs
  - Included in “Risk Analysis”?
  - Have a BAA
- Your Requirements in regard to your Subcontractors
  - Included in “Risk Analysis”?
- Your BA’s Subcontractor Requirements
  - Included in “Risk Analysis”?
  - Have a BAA between the BA and the Subcontractor
  - Flow your Business Associate Agreement requirements down to every Subcontractor

Step 1 – My Business Associates

- How Many Business Associates Do I have?
  - If I am a Covered Entity, I might already know this number because OCR asked for it in its Audit Request
  - The OCR also requested Contact Names & Addresses
  - If you don’t already have this inventory, now’s a good time to start it
- OCR Template Link
  - https://www.hhs.gov/hipaa/for-professionals/compliance-enforcement/audit/batemplate/index.html
Tool #1 – Contract with Business Associate

• Consult / Coordinate with Legal Contracts
• If it is not in a contract, it is very difficult to have the other party do it

Tool #1 – Contract with Business Associate

• Elements to consider
  ➢ Business Associate Agreement
  ➢ Other Agreements
  • Security
  • Data Protection
  • Privacy
  • Breach
  ➢ Subcontractor Requirements
  ➢ Flow Down Requirements

Tool #2 – BA / 3rd Party Risk Assessment Program

• Key Elements of a BA / 3rd Party Risk Assessment & Management Program?
  ➢ Executive Management Support & Reporting
  ➢ Policies & Procedures
  ➢ Adequate Resources – People, Budget, Tools, ...
  ➢ Assessment / Reassessment – Questionnaire, Certifications (ISO 27001, AUP, SOC2, ...), Evidence, Artifacts, Data Maps, Data Inventory, Subcontractors, ...
  ➢ Auditing & Monitoring – On-site & Desk
  ➢ Exceptions & Remediation
  ➢ Others
OCC Third Party Risk Bulletins

• Below are links to 2 OCC documents regarding 3rd and 4th Party Risk Management. The OCC is a major bank regulator & examiner

Elements to Consider in Contracts, Amendments, & BA / 3rd Party Risk Management Program

• This list is suggestive, not exhaustive

  ➢ Staff
  ➢ Funding
  ➢ Cloud
  ➢ Security Rule
  ➢ Privacy Rule
  ➢ Omnibus Rule
  ➢ Denied Persons
  ➢ OCC BULLETIN 2017-7
  ➢ Termination
  ➢ Mission Creep
  ➢ SLA
  ➢ Transition Plan
  ➢ Changes
  ➢ Agent
  ➢ Shared Assessments
  ➢ Medicare Part D
  ➢ Assessment
  ➢ Reassessment
  ➢ Crown Jewels
  ➢ Data Minimization
  ➢ Minimum Necessary
  ➢ Monitoring
  ➢ Amendment
  ➢ Pricing
  ➢ Resources
  ➢ Translations
  ➢ Who Pays
  ➢ Record Keeping
  ➢ Insurance
  ➢ Liability
  ➢ Prior Approval
  ➢ Contract
  ➢ Return Of Data

Elements to Consider in Contracts, Amendments, & BA / 3rd Party Risk Management Program

• This list is suggestive, not exhaustive

  ➢ Data Ownership
  ➢ Permitted Uses
  ➢ Disclosure
  ➢ Encryption
  ➢ Background Checks
  ➢ Risk Rating
  ➢ Infobac
  ➢ Physical Sec
  ➢ Detection
  ➢ NIST
  ➢ PCIe
  ➢ AUP
  ➢ ISO27001
  ➢ SOC2
  ➢ HIPAA
  ➢ OCC Bulletin 2013-29
  ➢ Log Monitoring
  ➢ Asset Management
  ➢ Security Incidents
  ➢ Pen Test
  ➢ Hotline
  ➢ Confidentiality
  ➢ Availability
  ➢ Integrity
  ➢ Resilience
  ➢ Data Map
  ➢ Data Inventory
  ➢ Disaster Recovery
  ➢ Business Continuity
  ➢ Certify
  ➢ Attestation
  ➢ Certifications
  ➢ Artifacts
Elements to Consider in Contracts, Amendments, & BA / 3rd Party Risk Management Program

- This list is suggestive, not exhaustive

- Evidence
- Training
- Laws
- Regulations
- Supplier Code
- Fifth Parties
- Flow Down
- Policies
- Vendor Program
- Offshore
- PM

- My
  - Trade Secrets
  - ITAR
  - M&A
  - Access To
  - Access Controls
  - Records Retention
  - Backup
  - BAA
  - Security Addendum
  - Privacy Addendum

- Patching
  - Data Destruction
  - Procedures
  - Business Ratings
  - Risk Management
  - Policies
  - Periodic Reviews
  - Software Escrow
  - Data Escrow
  - Audit Rights
  - Breach

---

4th Parties

- Do I already Assess & Audit My BA’s
  - What is the Cost, Effort, & Success?
- Should I
  - Preapprove My Subcontractors?
  - Assess / Reassess My Subcontractors?
  - Audit My Subcontractors?

---

How Many 4th Parties Do I Have?

A. Me
   I have ______ Business Associates

B. Business Associates
   My Business Associates
   Have ______ Subcontractors

C. My Business Associates’ Subcontractors

---
How Many 4th Parties Do I Have?

- Answer = A x B = Total Number of Subcontractors

\[ \text{BA} \times \text{BA} = \text{Total Number of Subcontractors} \]

- If I have 10 Business Associates and each BA has 10 4th parties, I will have 100 4th parties - (10 x 10 = 100)

- If I have 100 Business Associates and each BA has 100 4th parties, I will have 10,000 4th parties - (100 x 100 = 10,000)

Subcontractor Challenges

- Preapprove / Reapprove Subcontractors
  - How Many Will You Have to Approve?
  - What About the Legacy Subcontractors?
  - What Criteria Will You Use to Approve / Disapprove?
  - What Will Your Turn Around Time Be?
  - What if you Approve a Subcontractor & Something Goes Wrong?
  - What if You Disapprove?
  - Others?

The 4th Party’s Challenge

Some people recommend having the right to bypass the 3rd party and directly Assess and Audit the 4th party
The 4th Party’s Challenge

- Often the 4th Party’s Customer has many Customers of its own. For example:
  - The 4th Party’s Customer is a Software As a Service (SAas) Vendor
  - The SAas provider has 4,000 customers.
- What If the 4th Party Has 100 Customers & Each Customer Has 100 Customers?
  - 100 x 100 = 10,000 Assessment & Audit Requests

Your 4th Party Challenge

- How reasonable is it for you to Directly Assess / Reassess & Audit your Subcontractors?
  - Large Number of Subcontractors
  - Large Effort & Cost
  - No Direct Relation with Subcontractor – Confidentiality, etc.
  - Subcontractor Push Back
- Your Key Building Blocks Are Already in Place
  - Contract with BA
  - BA / 3rd Party Risk Management Program

Building / Designing a 4th Party Program That’s Right for You

<td>Very Difficult</td>
</tr>
</tbody>
</table>

- Use it to define the building blocks that work for you
- In light of limited resources, the goal is to get all Greens
- Go for the "Low Hanging Fruit"
- Do a lot of "Actions" – and then pick the winners

Example #1 - 4th Party Worksheet

<table>

Example #2 - 4th Party Worksheet
Building / Designing a 4th Party Program
That’s Right for You

- My top “Building Blocks” – Yours might be different
  1. Have Flow Downs to every 4th Party in the 3rd Party Contract
     - Consider having a 4th and Downstream Parties section in the 3rd Party contract
     - This is a “One and Done” activity. Draft them once. Include them in each 3rd Party Contract
     - Make sure that you have access to all the documents, evidence, artifacts, people, facilities, and the like that you will need to do a complete job
     - Remember – If it is not in the contract, you most likely will not be able to do it

Items to consider in the Flow Downs to every 4th Party

- BAA
- Data Protection Agreement
- Security & Breach Notification Requirements
- Right for you to Assess / Reassess & Audit 4th Party
- Process for Amendment
- Confidentiality, Availability, Integrity, & Return of Data
- Termination
- ...

2. Get evidence in your 3rd Party Risk Assessment that the 3rd Party has a mature & robust 3rd Party Risk Management Program that it uses on all of its 3rd parties (your 4th Parties)
   - This is a “One & Done” update to your assessment tool
Building / Designing a 4th Party Program
That's Right for You

Areas to consider in updating your 3rd Party Risk Assessment tool regarding your 3rd Party’s Risk Management Program that it uses on its 3rd parties (your 4th Parties)

- Policies & Procedures
- Resources – Staff, Budget, ...
- Risk Assessments
- Supplier Code of Conduct

3/20/2017

Building / Designing a 4th Party Program
That’s Right for You

Areas to consider in updating your 3rd Party Risk Assessment tool regarding your 3rd Party’s Risk Management Program that it uses on its 3rd parties (your 4th Parties)

- Control & Process Assessments and Reassessments – Questionnaires, Evidence, Artifacts, 3rd Party Assessments & Certifications, ...
- Monitoring
- Auditing
- Exceptions
- ...

Building / Designing a 4th Party Program
That’s Right for You

- My top “Building Blocks” – Yours might be different
  3. When Auditing the 3rd Party – either on site or a desk audit
    - Assess the 3rd Party’s 3rd Party Risk Management Program
    - Review BA Inventory / List
    - Sample Contracts for Flow Downs
    - Sample Assessments / Reassessments
    - Review “Exceptions.”
    - Sample Their Audits of Their 3rd Parties
    - Evaluate Staff
    - ...
