

CHC CEU Quiz for *Compliance Today*, May 2010

To receive one CEU for successfully completing the following quiz, you must answer at least three questions correctly. Only one answer per question is correct. Please indicate your answers on this form. **This quiz expires May 31, 2011. Quizzes received after the expiration date will not be accepted.**

LEARNING OBJECTIVES

After reading “**Compliance 101: Integrating the hospital compliance program with the medical staff bylaws**” (page 23), you should be able to complete the following:

- Outline how the medical staff bylaws may affect the procedural steps for dealing with a compliance hotline complaint.
 - Discuss how having a corporate integrity agreement could change what OIG expects of the Compliance department and the medical staff at a hospital.
- 1. If a compliance officer receives an anonymous complaint from a hospital employee that a staff physician may be performing unnecessary procedures, he/she should first focus on**
 - A. checking the medical staff bylaws to see who has the authority take disciplinary action against the physician
 - B. determining whether the allegations have merit
 - C. finding out the identity of the complainant
 - D. hiring outside counsel to represent the hospital
 - 2. Based on recent corporate integrity agreements with hospitals, OIG**
 - A. does not consider physicians who are employed by the hospital to be “relevant covered persons”
 - B. mandates that all “covered persons” receive specialized compliance training about claims submissions
 - C. requires “relevant covered persons” to certify in writing that they received two hours of compliance-related training
 - D. treats “covered persons” as exempt from reporting suspected violations of the hospital’s code of conduct

LEARNING OBJECTIVE

After reading “**The big score in Compliance: Scoring audits with the error percentage method**” (page 29), you should be able to complete the following:

- Use a simple pass/fail tool based on the error percentage method to score a compliance audit.
- 3. A compliance audit reviewed 100 cases, each with 1 line of service, and the outcome included 105 findings totaling 3 points. If the error tolerance is 20%, then the audit will**
 - A. fail, because the error percentage is 30%
 - B. meet the per-case point limit
 - C. pass, because the error percentage is only 15%
 - D. pass, because the error rate does not exceed 20%

LEARNING OBJECTIVE

After reading “**Research compliance: PhRMA guidance on professional conduct in clinical trials**” (page 38), you should be able to complete the following:

- Describe efforts to curb conflicts of interest and increase transparency in dealings between physicians/researchers and the companies whose drugs, products, or devices they evaluate.
- 4. According to the physician payment sunshine provisions of the America’s Healthy Future Act of 2009 (now passed into law as a component of the Patient Protection and Affordable Care Act), pharmaceutical or medical device manufacturers must report payments, gifts or “transfers of value” to physician/researchers that exceed how much in a calendar year?**
 - A. \$100
 - B. \$500
 - C. \$1,000
 - D. \$5,000
