

A Supplement to Your Deficit Reduction Act Compliance Training Program:

An Overview of the False Claims Act and Federal Health Care Programs

Many health care compliance programs face major changes in 2007. The Deficit Reduction Act of 2005 (DRA) takes effect, which will mean greater educational responsibilities for compliance officers whose organizations receive \$5,000,000 or more in Medicaid.

Now is the time to educate your employees about the federal False Claims Act and whistle-blower protections. This new training handbook from HCCA is an easy way to train your employees on some of the increasingly complex laws and regulations facing health care organizations today.

A valuable supplement to your compliance training!
