Title: Director, Medical Audits, Revenue Cycle and Assistant Compliance Officer

Department: Office of Audit, Compliance and Privacy
Reports To: Vice President of Audit, Compliance and Privacy Officer

JOB SUMMARY: Responsible to the Hospital, and the practice plans to oversee, audit and educate regarding the accuracy and completeness of medical documentation, coding and billing. Supervises a staff of coding and documentation professionals who perform revenue cycle and compliance audits of documentation, coding and billing. Develops an annual audit plan that is submitted to Senior Management and the Board of Trustees. Performs sensitive and complex investigations into allegations of billing fraud. Works with the Business Office to provide technical expertise related to maintenance of the Charge Description Master for all patient charges. Investigates the appropriateness of charges and codes before they are added to the Charge Description Master and evaluates billing and documentation systems. Acts as a liaison between clinical departments and Finance and analyzes the financial impact of proposed as well as existing clinical programs.
