Definition-Remuneration

REMUNERATION (note—same for Stark)

“For purposes of the anti-kickback statute, ‘remuneration’ includes the transfer of anything of value, in cash or in-kind, directly or indirectly, covertly or overtly.” OIG Advisory Opinion 01-10, July 26, 2001.

No de-minimis exception
Definition – “Knowingly and Willfully”

KNOWINGLY AND WILLFULLY

"We construe "knowingly and willfully" in § 1128B(b)(2) of the anti-kickback statute as requiring appellants to (1) know that § 1128B prohibits offering or paying remuneration to induce referrals, and (2) engage in prohibited conduct with the specific intent to disobey the law."

*The Hanlester Network V. Shalala, 51 F.3d 1390 (9th Cir. Ct. App. 1995)*

“Knowingly & Willfully” after PPACA of 2010

Section 6402 (f) (2)

“With respect to violations of this section, a person need not have actual knowledge of this section or specific intent to commit a violation of this section.”

Legislatively overrules *Hanlester*
One Purpose Test
(majority of circuits)

"[If] payments were intended to induce the physician to use [the company's] services, the statute was violated, even if payments were also intended to compensate for professional services."

"We . . . hold that if one purpose of the payment was to induce future referrals, the Medicare statute has been violated."

*United States v. Greber*, 760 F.2d 68 (3d Cir.1985)
