

Compliance Institute 2018 Media Registration

The Health Care Compliance Association (HCCA) welcomes members of the media to the 22nd Compliance Institute (CI).

A limited number of complimentary registrations are available to editorial media professionals (editors, reporters, writers, producers, photographers, camera crews, and select bloggers). Non-editorial media professionals, such as sales directors, publishers and marketing, public relations or advertising representatives, are required to pay full registration rates to attend the CI 2018.

To apply for a press pass, please provide the following press credentials via email to Margaret Dragon, Director of Communications.

We recommend that interested media apply by April 2, 2018 to ensure registration. Non-editorial media staff should proceed with regular event registration online.

HCCA/CI reserves the right to refuse to register any individual as media and may limit the number of complimentary registrations issued to a single organization. Also, each Compliance Institute 2018 media badge is issued individually and is non-transferable.
